

Eliminates Organic Odor and Prevents Drain Fly Infestations

- ✓ Enhances Composting
- ✓ Biodegradable
- ✓ Salmonella Free
- ✓ Non-Caustic
- ✓ Non-Pathogenic
- ✓ Non-Toxic

Contains Active Live Bacteria and Enzymes

## KEEP OUT OF REACH OF CHILDREN

### CAUTION

#### DESCRIPTION

BAC-AZAP is composed of multiple strains of specifically bred bacteria that directly attack odor causing organic matter, eliminating the source of odors. It is unsurpassed in controlling odors caused by urine, feces, vomit, grease, fats, proteins, decomposing plant and animal matter, pet odors, and other organic matter. It is especially effective in eliminating skunk odors and drain fly prevention.

BAC-AZAP is accepted for use by the USDA. BAC-AZAP can be used in inedible product processing areas, non processing areas, and/or exterior areas of official establishments operating under the Federal meat, poultry, shell egg grading, and egg products inspection programs.

NOTE: Do not use on food contact or food preparation surfaces.

#### DIRECTIONS FOR USE

BAC-AZAP is furnished full strength and ready to use for the toughest applications. In cases where the product is applied periodically as part of an ongoing maintenance program, the product may be diluted with one (1) or two (2) parts water in order to maximize coverage.

**DRAIN FLY PREVENTION:** For best results apply product at end of day for overnight action. If drains are not used regularly pour 2 to 3 gallons of warm water into drain opening to moisten drain surfaces before treatment. **START-UP:** Apply 4 to 6 ounces to each drain where drain fly activity is present. Continue daily for 5 to 10 days **MAINTENANCE:** Apply 4 to 6 ounces 1 to 2 times per week.

**CRAWL SPACES & BASEMENTS:** Spray onto surfaces, which produce or retain odors from mold, mildew, wildlife, and pets. Apply at the rate of one (1) quart of solution per 100 square feet.

**WALLS, FLOORS and CARPETS:** Begin by thoroughly cleaning areas with appropriate materials and methods. Spray BAC-AZAP on all surfaces where odors might originate including wall surfaces, floors, and carpets. Apply at the rate of one (1) quart per 100 square feet of surface area (approximately 3 fluid ounces per square yard). NOTE: Although BAC-AZAP is designed to be nonstaining, always test surface for colorfastness in an inconspicuous area before treating entire surface.

BAC-AZAP may also be fogged into confined areas, such as crawl spaces or attics, through the use of a fogging device. Dilute product 2:1 two (2) parts water to one (1) part BAC-AZAP and apply as a fog at a rate of one (1) gallon of mixed solution per 1000 cubic feet of confined space. NOTE: Do not fog BAC-AZAP into areas where people or pets are present.

**COMPOSTING:** Mix 6 to 8 ounces BAC-AZAP to 1 gallon water. Pour evenly over compost pile 2 times per week. The solution can treat up to 50 cubic feet of compost. For best results turn and mix compost pile while adding the BAC-AZAP solution. To speed up composting process make 1 gallon solution of water-soluble fertilizer and add 8 ounces BAC-AZAP. Pour over compost pile as described above.

**REFUSE CONTAINERS, GARBAGE CANS, and DUMPSTERS:** Once container is empty, rinse with water and liberally spray surfaces with BAC-AZAP.

**BATHROOMS & FLOOR DRAINS:** After cleaning, spray walls and fixtures with a one to one (1:1) or two to one (2:1) dilution of BAC-AZAP to prevent lingering odors. Pour three (3) to four (4) fluid ounces of undiluted BAC-AZAP directly into floor drains and urinals at the end of the day and allow to work overnight.

#### FIRST AID

**IF SWALLOWED:** Drink 2 glasses of water or milk and induce vomiting by touching back of throat with finger. Get immediate medical attention.

**IF IN EYES:** Remove any contact lenses then flush eyes with running water for at least 15 minutes. Get immediate medical attention if irritation persists.

Contains Water (CAS #7732-18-5), Ethoxylated Alcohol (CAS #68015-67-8), Nonylphenoxypolyethoxyethanol (CAS #68412-54-4), a blend of non-pathogenic and enzyme producing bacteria and a proprietary fragrance blend. Harmful if swallowed. Avoid eye contact and prolonged or repeated skin contact. Store in original, closed container away from oxidizers.

V.O.C. CONTENT: 0.6% by weight

#### WARRANTY LIMITATIONS AND DISCLAIMER

Because of varying conditions affecting use and application, manufacturer warns buyer that these may impair or vary the results or effects of the use of this product. Neither the manufacturer nor seller shall be liable in respect to any injury or damage suffered by reason of the use of this product for a purpose not indicated by the label or when used contrary to the directions or instructions hereon nor with respect to breach of any warranty not expressly specified herein. Buyer accepts this material subject to these terms and assumes all risk of usage and handling except when used or handled in accordance with this label.
