

KSS PETROLEUM GLOBAL ENERGY INVESTMENT GMBH

COMPANY PROFILE

KSS Petroleum Global Energy Investment GmbH, headquartered in Berlin, Germany engaged in the business of oil and refined petroleum products, specializes in the buying, selling with smooth facilitation of transactions in these commodities between Houston, Texas, America's oil capital, the center of oil and petroleum activities and Rotterdam, the Netherlands a major shipping hub of the EU.

KSS Petroleum Global Energy investment GmbH looms large in the market for these valuable and finite resources.

KSS Petroleum's principal officer, **Mr Asad Ali Khan**, has been involved in several transactions involving the sale and purchase of oil and petroleum products worldwide. With over 25 years of wide-ranging experience gained in business, finance and construction, property sales and purchase, and customer service and logistics, it was a logical and natural choice for Mr Khan to bring his considerable expertise to the field of buying, selling, marketing, trading and delivery of refined petroleum products.

Backed by a team of highly trained professionals who are skilled in all areas of company operations, **KSS Petroleum Global Energy Investment GmbH** is poised to serve the needs of our customers in a way which we intend will equal or surpass what is offered by other providers in the industry.

KSS Petroleum Global Energy Investment GmbH has proven its capability to fund various types of fuel transactions and products. In addition, Mr Asad Ali Khan has travelled extensively, meeting sellers and buyers around the world, including China, Russian Federation, South East Asia, Far East, Middle East, Africa, Europe and the Americas. This has helped him to meet suppliers and buyers face to face and to develop long-lasting and mutually beneficial business relationships.

At **KSS Petroleum**, our goal is to promote and to practice total transparency in our everyday business dealings in all facets of our business concerns. Such a goal is especially important in today's world particularly, in the oil and petroleum industry where it is not uncommon to encounter unprofessional and even dishonest behavior.

We have many years of experience in vetting prospective opportunities, and our clients can rely on our honesty and integrity, thereby reducing the likelihood of a negative outcome for them.

KSS PETROLEUM GLOBAL ENERGY INVESTMENT GMBH

US DEPARTMENT OF DEFENSE (DOD) LICENSED AND REGISTERED SUPPLIER

KSS Petroleum Global Energy Investment GmbH and our partner company in Houston take pride in our select position as a chosen registered and licensed supplier and seller to the **US Department of Defense**.

KSS Petroleum and our partner company are a tested, tried and trusted supplier to the DOD.

KSS Petroleum's commodities are sourced the world over from countries which supply the best quality. Our marketing strategy helps us to obtain and supply these high-quality commodities at very competitive prices, to serve the individual needs of our customers and potential buyers.

KSS Petroleum has established excellent relationships with its suppliers, associates, affiliates and partners in the market. Honesty, sincerity, integrity, flexibility, reliability and credibility are the main characteristics of our business and the foundation of our continuing success.

OUR PRODUCTS PORTFOLIO

KSS Petroleum takes pride in the delivery of high-quality petroleum and natural gas products that enrich the lives of our customers and help fuel the world's economy.

Because of the constantly increasing demand from customers and potential buyers of petroleum products, **KSS Petroleum** has worked hard to extend the number of its associates and partners who are ready, willing and able to meet the requirements of our customers.

KSS Petroleum goals is customer satisfaction in product quality, delivery and service. Our achievements are driven by customer satisfaction, referrals and recommendations.

KSS Petroleum has chosen to specialize in the sale and marketing of **D6 Virgin Fuel Oil** and **Aviation Jet Fuels**, commodities which are in high demand. However, from time to time our customers may request other products available in the market, and **KSS Petroleum** will then endeavor to source such products to meet those special requests from our customers.
