

## **MATRIMONIAL SERVICES**

Infidelity is likely to be one of the most painful and devastating things that can happen to you. The embarrassment, fear and betrayal can be overwhelming. Worse yet is not knowing if your spouse or partner is cheating on you. Even the prospect of a husband or wife being unfaithful is painful and extremely disruptive to your life. The private investigators at Craig Investigations understand what you are going through and are committed to helping clients like you with these issues everyday and to get the proof you need. We know that you need a private investigator to get you proof of infidelity or adultery so that you can move forward with your life.

Many prospective clients like yourself are worried about confidentiality. You have our complete assurance that your case will be completely confidential, including the consultation. We are even willing to discuss your case without knowing who you are until you are comfortable that we can help and be trusted. Of course, the initial telephone consultation is free.

Unfortunately, once someone seriously suspects infidelity, the majority of the time their suspicions are correct. Allow our private investigators to put an end to this fear and anxiety and get you the truth!

We understand that the need to hire a private investigator and discuss your spouse's infidelity is a very difficult thing to do, but it is important for you to realize that you did not create this situation and no one is judging you. With that perspective in mind, you have our assurance that all of our investigators are committed to using the utmost discretion and good taste in providing you with a quality investigation that is designed to give you the peace of mind you will need to move forward with your life and to maintain your dignity. You don't have to be in pain any longer. Call one of our private detectives today and we will guide you through the process and help you to gain a complete understanding of how we will go about getting you proof of his or her infidelity. The call is free and strictly confidential.

**Child Custody.** Facts provided in an investigation can assist attorneys in their recommendation of the sole person with documented facts of unwarranted behavior of persons directly involved with your children. Criminal records and background information are used in an effort to prevent possible child abduction, child neglect, and parent's drug / alcohol abuse.
