Encouraging Words from Dr Cheryl Y.

So, cast your weight of cares upon Jesus. He can bare them for you, because His burden is light, and His yoke is easy-just have faith to the end. Wait on the Lord, sisters and brothers, looking to Him, rather than at the troubles which abound. He is willing and able to deliver, comfort, help and strengthen us. Keep your eyes upon Him and He will sustain you. And, so, let your light continue to be bright and to shine, so those who do not know Him or do not have the faith and relationship with Him, may be encouraged by your faithfulness, and see your good works, amid all the evils, and come to Jesus, learn to cast their burdens upon Him, and glory in His love and care.

Current Events as of August 31, 2021:

Our soldiers are out of Afghanistan. COVID vaccines have been or are in the process of being approved. Boosters may be necessary. Monoclonal injections are available. The vaccines seem to be working, doing more good than harm. Schools are open and our children can see their class mates and teachers in person again. Life, however, is far from being normal, in light of the cases and deaths remain high. Health and government officials recommend masks, immunizations, social distancing, and the boosters, when they come available. Let's do our part in caring for others and for ourselves. May the Lord keep you all well!
