## **2017 Pool Openings**

*The cold weather, in southeastern Pa, has proven to bring costly repairs for many pools that have not been professionally winterized. Even with proper winterization, extreme weather has been known to cause structural as well as mechanical damage. Here is our list of pool opening services, so you can choose an opening that fits your specific needs and avoid over paying other companies. Estimates are always FREE. Open your swimming pool this season with confidence!*

### **Complete opening**

Complete openings include: The removal of winter cover and pump (excessive amounts of water or debris on top of the cover will result in an additional fee), The assembly of filter and other standard pool equipment, Removing all winterizing plugs, Testing of the pool heater (if applies), Vacuuming (25 minutes), brushing, and skimming entire pool, Testing the water chemistry and applying necessary chemicals (**Chemical prices vary**).

<b>In-ground</b>	<b>starting at... \$299.95 - \$324.95 w/ spa</b>
<b>Above ground</b>	<b>starting at... \$249.95</b>

### **Partial opening**
