

## Rituals of Purification

*Restoring balance and combating the build-up of toxins through the life force of nature, we have created exotic treatments specifically designed to achieve the magic and strength of the sea.*

### **Aroma Vitality**

60 minutes - \$110.00

Mineral and vitamin-rich Seaweed is used to wrap your body and promote well-being. Stimulating body balance and relief from aches and pains is the focus of this detoxifying and purifying experience.

### **Parafango Tango**

Half body - \$95.00 / Full body - \$175.00

Using a unique combination of sea mud and paraffin, the application stimulates the lymphatic flow in one's body, resulting in a greatly minimized appearance of cellulite and a visible reduction of inches. Ideal for anyone wanting to enhance the silhouette post-pregnancy or following erratic weight gain/loss. We recommend a six treatment cycle for best results.
