Back to School time??

Just because you might not be in school anymore it doesn't mean you can't keep that mind busy and exercised. The options are really endless and can be fun! (especially since you are no longer being "graded"!)

Here are a few ideas to keep your minds active and engaged:

Reading (especially out loud)

Playing memory games

Engage in social conversations

Coloring (adult coloring is all the rage right now)

Puzzles and word search games

Watch wheel of fortune

Ladies Monthly Breakfast is Scheduled for Tuesday, September 5th at 9 am at the DeForest Family Restaurant. Great kick start to the month!

The Men's Breakfast will be Wednesday, September 6th at 8:30 am also at DeForest Family Restaurant and menu for both the ladies and the men is whatever you want it to be!

Speaking of Adult Coloring...

Would any of you be interested in a Fall/Winter Coloring Coffee Clutch?

If so we could meet in the Community Room every other Tuesday mornings from 9-10 am for coffee, tea and some social coloring time.

Bring your own book and colors or some pages and colors will be provided.

**1st coloring day Tuesday,
Sept. 26th at 9am**

Dear Parkside Friends & Neighbors:

I want to thank you each and everyone of you for your prayers, kindness, visits, meals, flowers, love and support for Paul and our family before, during and after Paul's passing. He truly enjoyed cooking for you and being a voice on the Social Committee for all of us.

Thank you and **God Bless.**

Sandy Becker & Family

Notes of Thanks!

What a place to live, especially when “unknowns” happen. Thanks, many, many of them to my Parkside neighbors and friends who were so kind and thoughtful during my “incapacitation”.

You are the Best,

Bev Hull

Cheryl and I would like to thank you for your prayers, concern's & cards during my recent health scare. I missed the July 4 cookout which was a great success, however, I was “living high on the hog” with room service and Jell-O with fruit 3 times a day. The hospital staff was caring even making sure my vital signs were good at 5:30 am.

By the way I had my head examined while I was there and I passed. I'm normal.

Thanks again, Rube Reddeman
