Schliem-Peterson Band to Perform at Twining Valley Retirement Community

The Band was formerly known as the "Leo Peterson Band", but over the years has moved on down the line to the next generation of the Peterson family and has expanded its name. The group now consists of two brothers, Dick and Dale, they both play saxophones; their first cousin Ted Peterson on guitar and his wife Connie plays Auto harp. Dick & Dale have been playing with the band for nearly 30 years; Ted joined about 15 years ago. The band enjoys playing here at Twining Valley, Aster, Monroe Manor and various different Nursing Homes in the area. They also meet once a week for there "Jam Session". When Dick is not playing music, he enjoys managing the Wiota Home Talent baseball team. Dick has been with this ball League for over 50 years. Dale enjoys being the "Jack of all trades" and has also played ball for many years. Ted is retired from Kelly Tires and enjoys playing in the Jam sessions. It's always a lot of fun to listen to their old time music such as Swiss Boy and a few waltzes, as well as the friendly banter that goes on between them. If you have never made it to one of their shows, it might be worth checking out the next time they are here! Which is Tuesday, June 25th at 2:00PM in our Community Room. It's winter in Wisconsin
And the gentle breezes blow
Seventy miles an hour
At twenty-five below.
Oh, How I Love Wisconsin
When the snows up to your butt
You take a breath of Winter
And your nose gets frozen shut.
Yes, the weather here is wonderful
So I guess I'll hang around
I could never leave Wisconsin!

The Origins of Valentines Day~

The origins of Valentine's Day are not clear but many sources believe that it stems from the story of St Valentine, a Roman priest who was martyred on or around February 14 in the year 270 CE. How he became the patron saint of lovers remains a mystery but one theory is that the church used the day of St Valentine's martyrdom to Christianize the old Roman Lupercalia, a pagan festival held around the middle of February.

The ancient ceremony included putting girls' names in a box and letting the boys draw them out. Couples would then be paired off until the following year. The Christian church substituted saints' names for girls' names in hope that the participant would model his life after the saint whose name he drew. However, it was once again girls' names that ended up in the box by the 16th century.

Eventually the custom of sending anonymous cards or messages to those whom one admired became the accepted way of celebrating Valentine's Day. There was an increase in interest in Valentine's Day, first in the United States and then in Canada, in the mid-19th century. Early versions of Valentine cards fashioned of satin and lace and ornamented with flowers, ribbons, and images of cupids or birds appeared in England in the 1880s.

Hearts, the colors red and pink, roses, images and statues of cupids, and cupids' bows and arrows symbolize the feeling of romance and love on Valentine's Day. Cupid is usually portrayed as a small winged figure with a bow and arrow. In mythology, he uses his arrow to strike the hearts of people. People who fall in love are sometimes said to be "struck by Cupid's arrow". The day focuses on love,

Let this coming year be better than all the others. Vow to do some of the things you've always wanted to do but couldn't find the time. Call up a forgotten friend. Drop an old grudge, and replace it with some pleasant memories. Vow not to make a promise you don't think you can keep. Walk tall, and smile more. You'll look ten years younger. Just a quick note to remind you. If you are thinking of making a move this year, please call Randy or Linda as soon as possible.

Although the Holidays are on our heels, winter can be a long season. Spring will return before we know it. Although we do have potential buyers for Condos and renters for Apartments, They tend to be most willing to move in the Spring & Summer Months. The more notice you can give us....the Better. Especially if you need funds from your current unit to make a move. We do not want to see any unit sit vacant because you hold off till the last minute. Communication is key. If you are planning a move this Spring...now is the time to talk to Staff.

Randy & Linda can help you through the process by answering any questions you may have in regards to terminating your lease and what is all involved.

Of course we never like to see anyone leave, but we know in life...changes are continual. There may come a time when we all need a little more help. We want to make your change as smooth as possible for you.

We will continue to work at controlling the costs for you at Twining Valley!!

My Best to all of you~

John
