To Whom It May Concern,

Robert Davids has been my CPR/First Aide provider since March 2005. He has been thorough, helpful engaging and such a delight to have worked with for these past 10 years.

I have attended other classes but none have compared with the experience of having Robert be my instructor. Unfortunately our school is permanently closing, therefore; we will no longer be availing ourselves of Robert's services, much to my disappointment.

Any organization would be blessed and privileged to have Robert provide certification training.

Sincerely,

Lisa Birch
