

SHIP SHAPE/TOP SHELF

CLEANER/DEGREASER

THE PRODUCT

Ship Shape/Top Shelf is a water based, rapidly biodegradable cleaner/degreaser. It has been formulated from an environmentally safe blend of surface-active agents. Ship Shape/Top Shelf works on the same premises as natural biodegradation and produces no immediate or long-term adverse effects on the environment. It is non-hazardous to human health and sensitive ecosystems.

A major consideration when using a solvent based or high-alkaline type cleaner, it must be the toxicity of these products and the negative impact on human health and the negative impact on the environment. Ship Shape/Top Shelf is completely non-toxic to either human health or any ecosystems.

Ship Shape/Top Shelf

BENEFITS AND FEATURES

Non-irritating to skin or sensitive tissue

Produces no toxic vapor

Contains no known carcinogens

Non-toxic if accidentally ingested

Rapidly and completely Bio-degradable

Non-hazardous to humans or any ecosystem
