## **The Progressive Globalist Suicide Cult Exposed**

Just in one week past, Argentina elected an anti-Globalist, Javier Milei, by a huge margin, and the Netherlands elected (surprise) a party led by Geert Wilders quite vocally disenchanted with Jihad in his country. Something is up. Mark my words: Germany is next. Western Civ is going to get its mind right after all.

## **Will sanity prevail and send all the globalist visionaries packing?**

We can hope that will be the case delaying the inevitable but we know from the Bible that the globalists will eventually have their day...

Revelation 13:7 – *Authority was given him over every tribe, tongue, and nation.*

The coming global government of the Tribulation will be headed by the Antichrist. It will initially start out as ten regional governments...

Revelation 17:12-13 – *The ten horns which you saw are ten kings who have received no kingdom as yet, but they receive authority for one hour as kings with the beast. These are of one mind, and they will give their power and authority to the beast.*

The 10-king regional stage will not last long quickly yielding their authority to the Antichrist.

- Nations are already yielding sovereignty to regional trade associations which will become regional governments but that is all just a set-up for global government.

## **What does the emergence of a global government mean for the United States?**

Among the trends toward globalism is the decline of the United States as a superpower.

- Just as the superpower standoff with the Soviet Union during the Cold War had to be resolved, so too does the last superpower have to be diminished in order to make way for a global government.

- The U.S. had once been the bright shining light of freedom on earth and this is increasingly under assault as a birth pang of the Tribulation.

## **How is the stage being set for global government?**

Revelation 13:3 – *All the world marveled and followed the beast.*

There is a relentless trend toward bigger government as the solution to all of societies' ills. Eventually some crisis either real or fabricated will cause the public to be convinced that our huge national government is not large enough spurring the call for a global government as the ultimate Big Government solution.

- We already have a worldwide economy where if an individual nation's finances get sick, the affliction quickly spreads to the whole global organism.
- Global trade needs to be regulated and worldwide problems such as terrorism, global warming and the pandemic are beyond any single nation to resolve by itself.

## **What institutions are driving us toward a global government?**

The stage is being set for a worldwide government in the United Nations. As this forum of nations grows in influence, it will provide the infrastructure for a global government. The U.N. was established after World War II as an organization to help us avoid more war. But the U.N. has grown in influence finding itself getting involved in all manner of issues between nations.

- Ruling elite think tanks like the World Economic Forum, Bilderbergers, Trilateral Commission, and Council on Foreign Relations.
- Big-tech, big-pharma, and other multinational corporations.
- The European Union (EU) model demonstrating that it is possible to have "unity in diversity" leading the trend for setting aside national sovereignty for the greater good.
- The U.S. no longer acting unilaterally in any foreign affairs; the U.S. must only act as part of the community of nations.

## **Is there a conspiracy to bring about a global government?**

Ephesians 6:12 – *For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places.*

The trend toward a global government is so pervasive that some have blamed conspiracies. Secretive groups such as the Bilderbergers, Trilateral Commission, and Council on Foreign Relations are accused of being cabals of government elites conspiring to consolidate national power globally.

- What is more likely is that the globalism trend is a result of spiritual warfare with government leaders being tempted by demons to take actions that set the stage for a global government.
- Indeed, Jesus referred to Satan as the ruler of this world (John 14:30 and 2 Corinthians 4:4).
- There is a global conspiracy but it is not a human one so much as it is a spiritual one.

## **How does globalism explain the political division we see in the U.S. and the world today?**

Since the trend toward globalization is obvious to all, tension has emerged between those who would like to retain national sovereignty and those who think we should yield to the community of nations in order to realize the utopian glories of the global village.

Romans 1:28 – *even as they did not like to retain God in their knowledge, God gave them over to a debased mind, to do those things which are not fitting*

Ultimately the division is spiritual between those who embrace God's order and those who think they have a better way.

- This division is becoming more apparent in these last days because we are getting close to the harvest. As Jesus put it in the parable of the wheat and tares (Matthew 13: 24-30), the wheat and tares are more distinguishable when they mature.

## **How are open borders a critical policy of globalism?**

Acts 17:26 – *He has made from one blood every nation of men to dwell on all the face of the earth, and has determined their preappointed times and the boundaries of their dwellings*

God intends for the nations to control their borders. Immigration should be orderly and serve the interests of the nations involved. Ignoring the established borders is the result of a globalist worldview that seeks to undo what God has established.

- Open borders immigration is just one more facet of the spirit of Antichrist. The coming global government will not have any effective borders between nations.

- Those who seek to open the national borders are longing for the global government that sets the stage for the Antichrist.
- The open borders policy is a double-edged sword... it will eventually force a crisis that demands a totalitarian response while it makes the USA less powerful as just another state in the community of nations.

## **What will the economy of the coming global government be like?**

Daniel 11:24 – *He shall do what his fathers have not done, nor his forefathers: he shall disperse among them the plunder, spoil, and riches*

The economy of the Antichrist will be socialist. He will help selected people prosper by "spreading the wealth around." He will use his total control to steal from some and give to certain favored groups.

- Satan himself will be the spirit behind the Antichrist and he hates human freedom.
- The ultimate goal of socialism is totalitarian control because this is required to fully implement socialism. Since socialism never works, more and more control is necessary to inflict it on people.
- In socialism there can be no private property, everything is owned by the government for the sake of the "greater good" and subject to the whims of the ruling elite.

## **Why is socialism so attractive to the global elite?**

For socialism to even appear to work, it requires centralization of power and control over the people.

## **Why is socialism so popular to so many people?**

It sounds fair, everyone getting the same. And there is a sense of getting something for nothing. Many people are enamored with the idea of the government taking care of them.

- But there is no incentive to excel so it characterized by mediocrity. Everybody will end up in the same status, poor.

## **Why do some Christians even support socialism?**

- Many passages such as Isaiah 1:17 advocate giving favor to the oppressed; this sounds like it is right out of Marx's writings that see society as being made up of the oppressed and the oppressors. But that is reading something into Scripture that is not there.
- The provision for gleaning in Deuteronomy 24:19–22: But note that the needy will have to work for what they receive; it is not just given to them.
- The communal arrangements of the early church in Acts 4:32-35 has been seen as practicing socialism. But this was completely voluntary and motivated by the love of Christ, not secular (godless) communism.

## **What is the problem with using passages such as these to make a biblical case for socialism?**

- None of these passages call for a socialist society or mandates a redistribution of wealth.
- The Law did not call Israel to redistribute wealth or censure people who gained wealth; rather, there were programs in place to prevent generational poverty (e.g., limitation of debt slavery and the Year of Jubilee).

## **How is the stage being set for a global religion?**

Psalm 2:2 – *The kings of the earth set themselves, and the rulers take counsel together, against the LORD and against His Anointed*

- Pluralistic secular humanism has become the religion of Western Civilization which is the current derivation of the Roman Empire.
- “Moderate” universalism is rampant among religious people and has been manifesting itself in ecumenical movements like Chrislam.
- The spirit of Antichrist is getting increasingly antagonistic toward those who reject their worldview and is already morphing into persecution of Christians
- The spirit of the Antichrist and ecumenism will coalesce into worship of the Antichrist...

## **What role will religion have in the coming world government?**

Revelation 13:11-12 – *Then I saw another beast... he exercises all the authority of the first beast in his presence, and causes the earth and those who dwell in it to worship the first beast.*

During the Tribulation, there will be a global religion in place headed by the Antichrist (“*beast*”) and helped by the False Prophet (“*another beast*”). The False Prophet will probably represent himself as Jesus Christ to cause apostate Christians to get on-board with the new world religion. Jesus warned that there would be those falsely representing themselves as the Christ during the Tribulation (Matt 24:5).

## **What trend can we expect for freedom of religion as more people embrace the globalist vision?**

Revelation 13:5 – *He was given a mouth speaking great things and blasphemies*

As we get closer to the Tribulation, we can expect there to be more persecution and less freedom of religion. America is following Europe in the secularization of our society.

- Evolution, a materialistic worldview of origins not requiring God prevails in the culture so pervasively it is more of a religion than a theory.
- The media increasingly represents Christians as ignorant undesirables holding society back.
- The spirit of Antichrist demands that all people conform to their politically correct beliefs. And

believing the Bible has no place in where they want to take society.

## **Why must religion be one of the three pillars of globalism along with politics and the economy?**

It becomes another means by which the ruling authorities can control the people. Since we are made to have a relationship with the Creator, Satan takes advantage of this by inspiring religions that attempt to take the place of the only true biblical religion.

## **How can you expose the fake religions from the true?**

- The doctrine of the Son of God
- The Bible as the only source of authority
- Soteriology: by grace through faith versus works

## **Why must a global government also be tyrannical?**

It is true in this world that power corrupts and absolute power corrupts absolutely; so, we can expect global power to corrupt totally.

John 12:31 – *Now is the judgment of this world; now the ruler of this world will be cast out.*

The coming global government will be totalitarian. Indeed, Satan hates the freedom we have in Christ and seeks to enslave everyone to him. Indeed, this is as prophesied:

Daniel 7:23 – *The fourth beast shall be A fourth kingdom on earth, which shall be different from all other kingdoms, and shall devour the whole earth, trample it and break it in pieces.*

## **Why can't a global government succeed in establishing a worldwide utopia?**

Romans 3:23 – *For all have sinned and fall short of the glory of God*

People have made their government into an idol, as if their government can deliver them from whatever afflicts them. But human governments in this age are made up of people with a sin nature and so they will eventually fail. The more people trust in their government, the more they are destined for disappointment.

- Satan is encouraging the failure of governments to move us toward more centralized control. As governments fail, they need to be bailed out by yet a higher echelon of government.
- We should work to reduce the failures of government but at the same time acknowledge that what this world sorely needs is for Jesus Christ to head our government. This is not a desire for a theocracy, it is a hope for the Millennial Kingdom.

## **What applications do we see from this discussion?**

- Globalization is a major sign of the times.
- God is in control; His people should fear not.
- Globalization is obvious; use it for evangelism.
