Why do “fools rush in where angels fear to tread”?

Angels, who are far more intelligent and powerful than humans, avoid certain dangers understanding full well the eternal ramifications, while mortal humans often charge in without a care in the world.

2 Peter 2:4-11 – *For if God did not spare the angels who sinned, but cast them down to hell and delivered them into chains of darkness, to be reserved for judgment... They are not afraid to speak evil of dignitaries, whereas angels, who are greater in power and might, do not bring a reviling accusation against them before the Lord.*

Angels know better. Even the Archangel Michael refused to rebuke Satan...

Jude 1:9 – *Yet Michael the archangel, in contending with the devil, when he disputed about the body of Moses, dared not bring against him a reviling accusation, but said, “The Lord rebuke you!”*

What angels were cast down to hell in 2 Peter 2:4?

They were the “sons of God” described in Genesis 6 who caused the Nephilim, or giants to be born.

- Their plan appeared to be corrupting human DNA so that the Messiah couldn’t be born.

- Besides being faithful, Noah and his family were chosen to re-boot humanity because they were “perfect in their generations” per Genesis 6:9.

What is this “hell” where the Genesis 6 fallen angels are incarcerated?

The word hell in 2 Peter 2:4 is a translation of the Greek word *tartarus*, which can be thought of as the “deepest pit” or the “lowest part of Hades.” Hades is a temporary place for the dead who are awaiting judgment.

- The permanent, eternal hell is called the lake of fire in Revelation 20. That is where all the fallen angels and all humans who have rejected God’s provision for eternal life will end up.

The book of Revelation names the place where the fallen angels are incarcerated as the Abyss. It is mentioned 5 times in the book of Revelation.

- In Luke 8, Jesus cast the Legion of demons out of a man, “and they begged Jesus repeatedly not to order them to go into the Abyss” (verse 31).
- The Abyss is obviously a place that the demons fear and try to avoid.

In what areas are men trying to remove the natural protective barriers set forth by God at creation?

- Gene editing to create new, more infectious and lethal viruses and bacteria.
- Attempting to open a portal into another dimension at CERN.

What could go wrong with developing more infectious and lethal viruses and bacteria?

Despite their best intentions to never allow their evil creations to escape into the wild, we know that it does happen (Covid).

Why are scientists messing around with the basic building blocks of life?

Pride... because they can... and it makes them like God... They say they are doing it to develop better ways of combating naturally occurring viruses and bacteria (the excuse).

- The real motive is to edit human DNA “to speed up evolution” and improve humans.

- Altering human DNA is considered unethical but they are doing it to “fix” genetic afflictions and in places like China, there are no ethical guardrails.
- This is the transhumanism vision, to live forever
- It is likely this gene editing technology will be used in conjunction with the mark of the Beast so that people who take it are no longer human.

How is altering human DNA a sign of the times?

Matthew 24:37 – *as the days of Noah were, so also will the coming of the Son of Man be.*

The primary meaning of this passage based on the context is that people will be oblivious to the judgment of God just like they were at the time of the flood.

- But there are secondary implications here as well such as violence, continual evil thoughts, and altering human DNA.
- Indeed, it was the altering of human DNA that caused God to bring the flood choosing Noah and his family to reboot humanity because they were *perfect in their generations* (Genesis 6:9).

What is going on at CERN that is disturbing?

A Swiss Scientist claims there is a Portal underneath CERN from where Beings coming in & out; Physicists who work there told her that there are 17 different dimensions of reality or more.

“They have apparently in the bottom of the CERN, this portal, this door, where they are dealing with all the subatomic dimensions.”

A serious mistake may have endangered humanity. The scientists’ team worked with the Large Hadron Collider (LHC) to study particles.

- On March 22, 2019, a small error in the LHC’s startup code led to an unusual yellow light filling the facility. The team noticed a dark, otherworldly orb that quickly vanished.
- Subsequent experiments with similar orbs led to dangerous results. A metal pen tested in one of the voids showed extremely high radiation, killing ten researchers.

In a recent test, instead of the expected light, a large black figure emerged from the void and communicated telepathically. It threatened to destroy humanity by invading their world saying:

“You creatures have no place peering into our world, your destruction was set in stone the moment you opened up the doorway into our dimension, we will exterminate your kind as your knowledge of our existence threatens us, this is not a warning, but a promise.”

What do you think the scientists at CERN stumbled on to?

Perhaps they opened a tunnel into the abyss.

- Regular fallen angels and demons already have access to our world... so these must be the fallen angels of the abyss.

Will the fallen angels of the Abyss invade our world?

Yes, during the Tribulation, the 5th Trumpet judgement:

Revelation 9:1–3, 11 — *“The fifth angel sounded his trumpet, and I saw a star that had fallen from the sky to the earth. The star was given the key to the shaft of the Abyss. When he opened the Abyss, smoke rose from it like the smoke from a gigantic furnace. The sun and sky were darkened by the smoke from the Abyss. And out of the smoke locusts came down on the earth and were given power like that of scorpions of the earth. . . . They had as king over them the angel of the Abyss, whose name in Hebrew is Abaddon and in Greek is Apollyon (that is, Destroyer).”*

These demonic locusts will torment earth-dwellers for 5 months; the torment will be so bad that men will seek to kill themselves but will not be able to.

- The 6th Trumpet will release 4 angels bound at the river Euphrates so that they may kill a third of the population of the earth.
- These 4 fallen angels apparently make use of a 200M-strong demonic army to do the killing.

What did the 4 angels do to be bound at the Euphrates?

Revelation 9:15 – *the four angels, who had been prepared for the hour and day and month and year, were released to kill a third of mankind.*

Scripture doesn’t tell us but these might have been bound with those confined in the Abyss or maybe there was some other infraction that took place in the Euphrates area... Tower of Babel, or the spirits behind the nations oppressing Israel (Babylon, Persia, Greece, Rome).

What are we doing by messing with the building blocks of life and opening portals to the Abyss?

It is the attitude of the Tower of Babel bunch...

- Scholars and the elite mock the antiquated ways of our predecessors but are no less obsessed with the potential of our achievements.
- This time, we are not relying on religion or magic to unlock the veil to the other side, but on science and technology.
- It is here where men proudly march toward that Tower of Babel moment where divine judgment smashes down against defiant men.

What happened at the Tower of Babel?

Genesis 11:3-8 – *Then they said to one another, “Come, let us make bricks and bake them thoroughly.” They had brick for stone, and they had asphalt for mortar.*

⁴ And they said, “Come, let us build ourselves a city, and a tower whose top is in the heavens; let us make a name for ourselves, lest we be scattered abroad over the face of the whole earth.” ⁵ But the Lord came down to see the city and the tower which the sons of men had built. ⁶ And the Lord said, “Indeed the people are one and they all have one language, and this is what they begin to do; now nothing that they propose to do will be withheld from them. ⁷ Come, let Us go down and there confuse their language, that they may not understand one another’s speech.” ⁸ So the Lord scattered them abroad from there over the face of all the earth, and they ceased building the city.

Their vision was a great collaborative human achievement making their own way to God.

- The tower they started to build used brick & asphalt instead of stone; advanced building technology
- The Lord acknowledged their collaborative effort would enable them to defy Him; judgment was confusing their language so they would scatter.

How are we approaching a Tower of Babel moment today?

We aren’t simply marching toward that moment; we have already arrived at this Tower of Babel moment.

- Nothing is now impossible for us to achieve because we have overcome the divine barriers of language and culture God put in place.
- We too are quickly and foolishly opening as many of Pandora’s Boxes as possible with no regard as to whether we should, but only if we can.

While both the flood & the dispersion were judgments, both served as a form of divine restraint to prevent mankind from accumulating and acting on our collective knowledge too quickly.

- Nevertheless, it seems we are there again.

What are some of the human achievements that will be used by Satan during the Beast Kingdom?

- CRISPR-Cas9 Gene Editing (2012) – Revolutionized genetics and medicine with gene editing capabilities.
- Higgs Boson Discovery (2012) – Confirmed particle mass theory of the Standard Model of physics.
- Gravitational Waves Detection (2015) – LIGO’s observation validated Einstein’s theory and opened new cosmic exploration methods.
- Human Microbiome Project (2008-2012) – Mapped the microbiome, revealing its crucial role in human health.
- Advances in Quantum Computing (Ongoing) – Developments promise exponentially faster computing.

- Breakthroughs in Immunotherapy (2010s) – Significantly improved cancer survival rates through advanced treatments.
- Artificial Intelligence (2010s) – Transformed various fields with advanced algorithms and AI.

What does it tell us that we have arrived at a new Tower of Babel moment?

This triggered God’s judgment before and it will again... We are to understand the times in which we live, to allow God to guide us and help us guide others as to what we should be doing with the time that remains... we are called to be like:

1 Chron 12:32 – *the sons of Issachar who had understanding of the times, to know what Israel ought to do*

Why else would God put so much effort into telling us what will happen rather than what has happened?

Why so much emphasis on prophecy in the Bible?

What is the danger in having arrived at our modern Tower of Babel moment?

We have circled back to a time where mankind is foolishly rushing into things where angels fear to tread (playing God).

- We are also aggressively promoting ideas (and ideologies) that guarantee swift destruction, and with devastatingly dangerous technology that once unleashed cannot be contained.

We should understand the times in which we live, and ready ourselves for the soon coming of the Lord.

What should we be doing with the remaining time that we have?

We should live holy lives, evangelize, and look forward to His coming with eager anticipation.

- His coming is the blessed hope, not to the world, but to the church.

What take-aways come to mind from our discussion?

- Collaborative scientific achievements are the modern Tower of Babel.
- Our Tower of Babel moment will trigger a judgment response from God.
- The Church Age is about to end; spend your time and resources wisely.
