1 – Coincidence – Nothing happens by chance or by accident! What appears to be merely circumstance is really the outworking of God's plans.

Ephesians 1:11 – *He works all things after the counsel of His will.*

HAMAS is an Arabic acronym for Islamic Resistance Movement. But in Hebrew... The KJV translates Strong's H2555 in the following manner: violence (39x), violent (7x), cruelty (4x), wrong (3x), false (2x), cruel (1x), damage (1x), injustice (1x), oppressor (with H376) (1x), unrighteous (1x).

During “lockdowns” when American parents couldn’t take their children for routine vaccinations, childhood mortality dropped by 30%. Coincidence?

Is It Just A Coincidence That We Witnessed A “Ring Of Fire Eclipse” Just As The Middle East War Begins?

Such was the case a century ago this week on August 21st, 1914 when a total solar eclipse crossed over Eastern Europe shortly after the outbreak of World War I.

Hamas: Described in the Bible as destroying the world

The portion of the Torah that is being read by Jews all around the world this week contains the word ‘Hamas’ as the reason for which God destroyed the world.

Genesis 6:11 – *The earth also was corrupt before God, and the earth was filled with violence (ḥāmās)*

2 – Damascus – This is only a foreshadowing and a warning of what is coming... if Hezbollah joins the fight and uses chemical weapons that they probably have, this may lead to Israel fulfilling Isaiah 17:1.

Isaiah 17:1 – *The burden against Damascus. “Behold, Damascus will cease from being a city, and it will be a ruinous heap.*

Israel Bombs Damascus & Aleppo Airports Before Iran’s Foreign Minister Due To Arrive

Iranian state sources say foreign minister Hossein Amirabdollahian’s plane has landed in Baghdad. It’s unclear whether he will continue on his trip to visit Syria, which some reports say is scheduled for tomorrow.

3 – Wars & Rumors of Wars – There have always been wars in human history, so what makes the sign of wars significant?

Matthew 24:6 – *you will hear of wars and rumors of wars. See that you are not troubled; for all these things must come to pass, but the end is not yet.*

What makes wars a sign is increasing in frequency and intensity like birth pangs...

Matthew 24:7-8 – *For nation will rise against nation, and kingdom against kingdom. And there will be famines, pestilences, and earthquakes in various places. All these are the beginning of sorrows.*

The Greek word translated “sorrows” means “the pain of childbirth, birth pangs.”

- The Greek word translated “nation” is “ethnos” referring to races.

What is a rumor of a war?

The war on drugs, war on poverty; the Cold War

If Israel, Hezbollah And The U.S. All Do What They Say They Will Do, Prepare For World War III

...This is the final conflict between Israel and Hamas, and it is going to spark a much wider war. Sadly, after the atrocities that Hamas has just committed, the Israelis have no choice. If U.S. women were raped and U.S. babies were ruthlessly slaughtered most Americans would feel the exact same way. Israeli Prime Minister Benjamin Netanyahu is telling us that “every member of Hamas is a dead man”, and the only way to accomplish that is to go into Gaza and kill them...

Iran threatens Israel and the US

Iranian state media quoted Amir-Abdollahian as saying, “We have conveyed our message to the Zionist regime through its allies that if they do not cease their atrocities in Gaza, Iran cannot simply remain an observer. If the scope of the war expands, significant damages will also be inflicted upon America.”

Is North Korea arming Hamas to take on Israel?

Not known to be particularly attentive to world demands, it appears the Kim Jong Un regime is making shady deals with Hamas and selling them increasingly advanced weaponry, such as the shoulder-fired F-7 rocket-propelled grenade launcher

Marine rapid response force moving to coast of Israel

The 26th Marine Expeditionary Unit (MEU), known as a rapid response force, is currently on its way “to the waters off of Israel,” according to a defense official with knowledge about the military’s planning. The latest move comes as tensions continue to rise with the ongoing war between Israel and Hamas that ignited earlier this month after Hamas terrorists attacked Israel.

Why is the US threatening to do more in this war than the simple logistical support of previous Israeli wars?

There is something new afoot in this war... it likely serves a globalist agenda. And that is reinforced by this story:

European Parliament condemns Hamas attack on Israel in unprecedented support

In a vote that took place on Thursday, with 500 votes in favor, 21 against, and 24 abstentions, the Members of the European Parliament (MEPs) strongly condemned the Hamas terror attack, expressed their support for Israel and its people, and underlined the need to “eliminate the terrorist organization Hamas.”

How might a Mideast War serve a globalist agenda?

- Depopulation... fewer people in the world will reduce demand for the apparent dwindling supply of “fossil fuels” and slow global warming. But also, fewer people in the world makes for easier control of them.
- It is a crisis that presents an opportunity to implement the globalist vision for a Great Reset. They want to force a New World Order.
- The coming New World Order will be one without any superpowers, so it may be the means in which the USA ceases to be a superpower.

It is interesting to note that the globalist vision to force WWII in order to bring about a NWO is similar to the Islamic view of eschatology...

The Attack on Israel is Religious, Meant to Awaken Islamic Messiah Mahdi

It’s entirely understandable that most Westerners believe the current 2023 attack by Hamas on Israel is simply lust for revenge and anger over Gaza’s conditions. But, wait! Instead, it’s astounding to know the ultimate impulse in Iran funding Hamas is to usher in the age of the Mahdi, as their mighty savior.

How might the USA getting caught up in a Mideast War lead to WWII?

- Russia is supporting Iran who is supporting Hamas, Hezbollah and Syria. Russian weapons were used by Hamas (bomb dropping drones & EW weapons targeting anti-missile systems) ...so, another proxy war that could escalate.
- The US distraction in Israel may embolden China to move on Taiwan. Putin recently met with Xi; the last time that happened the Ukraine War began.
- The US distraction in Israel may embolden North Korea to move on South Korea and Japan.

Why might the USA not fare so well in a WWII?

- Divide and conquer is a reality... with so many fronts, failure is inevitable.
- WWII is likely to escalate to nuclear weapons. There are no winners in a nuclear exchange.
- The only winners in a nuclear exchange are those nations not involved.

4 – Tyranny – In order to control people, the power must be consolidated in the government. There can be no power in the hands of the people.

Daniel 7:23 – *The fourth beast shall be a fourth kingdom on earth, which shall be different from all other kingdoms, and shall devour the whole earth, trample it and break it in pieces.*

That is why the anti-God ideologies hate the 2nd Amendment. God is for self-defense, so Satan is opposed to it...

Luke 22:36 – *he who has no sword, let him sell his garment and buy one*

Having a weapon is not just for self-defense, it is to protect loved ones which will become increasingly important as lawlessness becomes more pervasive...

1 Timothy 5:8 – *if anyone does not provide for his own, and especially for those of his household, he has denied the faith and is worse than an unbeliever.*

Was this Planned? Ammo Manufacturer Plant Explosion Leaves Many Worried

A Hornady plant in Nebraska had an explosion that resulted in one woman's death and two others' injuries. Hornady is a leading ammo cartridges, components, and handloading equipment manufacturer. Some are worried that the explosion signifies a planned disaster to cripple the ammunition industry.

5 – Centralized Economic Control – An economic crisis is coming that will usher in digital currencies that make possible centralized control which will be the infrastructure for the mark of the beast...

Revelation 13:16-17 – *He causes all, both small and great, rich and poor, free and slave, to receive a mark on their right hand or on their foreheads, and that no one may buy or sell except one who has the mark or the name of the beast, or the number of his name.*

Centralized digital currencies do not require as many people as is required for physical money. The banks know this and are preparing.

U.S. Banks Are Closing Down Hundreds Of Branches And Laying Off Thousands Of Workers

...High interest rates and chaos in the real estate industry are combining to put an enormous amount of pressure on our largest financial institutions. As a result, banks are getting very tight with their money, they are closing down hundreds of branches, and they are laying off thousands of workers. We are in the early stages of the worst financial crisis since 2008 and 2009, and I fully expect conditions to get even worse in the months ahead.

<https://theeconomiccollapseblog.com/a-financial-crisis-is-here-u-s-banks-are-closing-down-hundreds-of-branches-and-laying-off-thousands-of-workers/>

6 – Inflation – What happens when food and energy prices go up while paychecks don't keep up? More people will be living paycheck-to-paycheck. What will contribute to people living paycheck-to-paycheck? Not having enough jobs... if there is less demand for human labor, the jobs that do exist will pay less. It is a simple matter of supply and demand.

Revelation 6:5-6 – *behold, a black horse, and he who sat on it had a pair of scales in his hand. And I heard a voice in the midst of the four living creatures saying, "A quart of wheat for a denarius, and three quarts of barley for a denarius; and do not harm the oil and the wine."*

How 'A.I. Agents' That Roam the Internet Could One Day Replace Workers

Agenda 2030's goal is "no farmers, no food" – if we can't own property, we become the property

A war against farmers has emerged, threatening to push them off the land they've farmed for generations. Those in control of the land control the food supply and, along with it, the people. Much of this threat is cloaked under Agenda 2030, which they are attempting to impose across the globe, in every country, by 2030. We are in a situation in which there is no other better term than to call it a crisis.

The Net Zero Ship Starting To Sink

Are we observing the early stages of worldwide resistance against the constraints of net zero policies? Investors are ditching renewable energy faster than any other funds on record. Australian Nationals Senator Matt Canavan said net zero has "absolutely carked it." His position is that net zero is a "soundbite" and "totally insane." It is unachievable because people will starve if it is enforced. "Almost everything we grow, we make, we do in our society relies on the use of fossil fuels," he said.
