For Discussion: The Great Democrat Cheat Machine
(americanthinker.com; August 3, 2024)

It worked in the 2020 general election and it's no doubt gearing up again for another run. The only question is, will it work twice? Four years ago, after the results of the presidential election finally came in, it was obvious there were problems and inconsistencies with the process.

https://www.americanthinker.com/articles/2024/08/kamala_harris_and_the_great_democratic_cheat_machine.html

Was there election fraud in 2020?

It was obvious there were problems and inconsistencies with the process: Dead voters, bogus residencies, midnight ballot dumps in crucial swing states that magically propelled one candidate over the other in just a few short hours, 2,000 mules, video evidence of poll workers running ballots through scanners multiple times.

Why was nothing done about 2020 election problems?

These matters were never properly adjudicated, as cases were thrown out by judges across the country and the Supreme Court never involved itself.

So, since none of these election problems ever went to court, how can we know there was election fraud?

Data from the U.S. Census Bureau...

- there were 168 million registered voters
- Biden received 81 million votes
- Trump received 74 million votes
- 3 million people also voted for the Communists, the Greens, or themselves.
- $81+74+3=158$ (94% of 168)
- This level of voter turn-out is only seen in such bastions of democracy such as the Soviet Union, Communist China, or Castro's Cuba
- average turnout from 1960 to 2016 has been 62%

What accounts for the dramatic increase in voter turnout by over 50%?

Either because America loved Joe Biden with a passion or hated Donald Trump with the same. Or one could attribute the mail-in voting procedures -- put in place to address Covid -- as a cause for the jump.

Will America's voter fraud problem be better or worse for 2024?

Probably worse...

- None of the Covid procedures have been revoked back to normalcy despite Covid no longer being a problem
- Nothing was done to prosecute voter fraud in 2020 so expect the evil doers to double down on it.
- Globalist interests can not tolerate a nationalist coming to power.

Why might globalist visionaries want there to be a cloud of suspected fraud over our 2024 election?

What better reason to impose martial law over the people... incite enough of them to riot because they consider the election to be illegitimate.

What must God think of such obvious voter fraud?

Those who cheat for power or wealth certainly will not find favor with God...

Proverbs 11:1 – *Dishonest scales are an abomination to the Lord, but a just weight is His delight.*

This sort of thing has happened in history before...

Hosea 8:4 – *They have set up kings, but not by me: they have made princes, and I knew it not*

Opposing God's will in national leadership was one of the things going on in Israel before He raised up the Assyrians to conquer them.

What is the prophetic significance of voter fraud?

It is another form of deception that Jesus said would be increasing in frequency and intensity prior to His return (Matthew 24:4, 11, 24).

How does voter fraud reveal the spirit of the Antichrist?

Daniel 11:21 – *He shall come in peaceably, and seize the kingdom by intrigue*

The Antichrist will come to power by intrigue, which means to "make secret plans to do something illicit or detrimental to someone." That someone is any opposition and ultimately, the public. And the Antichrist will have supernatural demonic help so that:

Revelation 13:4 – *they worshiped the beast, saying, "Who is like the beast? Who is able to make war with him?"*

How have we seen governments increasingly acting against the will of the people?

- Courts have overturned voter referendums to force woke policies on the public.
- Covid mandates ignored informed consent in place since the Nuremberg Code.
- The Patriot Act dispenses with civil rights protections for “domestic terrorists”
- Government agencies have been weaponized to subdue and imprison political enemies.
- Government agencies act without accountability; there is never any prosecution of wrongdoing.
- Every new crisis results in an erosion of free speech and other civil rights

In general, we are seeing the rule of law being eclipsed by the rule of man.

What is behind the trend for the governments of the world having more power over their people?

This is setting the stage for the Antichrist. And it is Satan who is the controlling power behind the Antichrist whose spirit is already at work in the world...

1 John 4:3 – *the spirit of the Antichrist, which you have heard was coming, and is now already in the world*
Indeed, Jesus referred to Satan as *the ruler of this world* in John 14:30. And God is removing his restraint of evil as we get closer to the end of the Church Age...

2 Timothy 3:13 – *evil men and impostors will grow worse and worse, deceiving and being deceived*

What other trend is represented in governing against the will of the people?

Revelation 17:13 – *These are of one mind, and they will give their power and authority to the beast*

A major trend leading to global government is that more and more national sovereignty is being given up to the collective community of nations. This is particularly apparent in the U.S. where people are increasingly more willing to yield their freedoms to satisfy demands of a growing centralized government.

- As we get closer to the Tribulation, the incidence of birth pang crises will increase providing more opportunities for governments to take more freedom from the public.
- The ruling elites will not let a good crisis go to waste.

What can we expect concerning the transparency of the government as time goes on?

Revelation 13:2 – *The beast which I saw was like a leopard, his feet were like the feet of a bear, and his mouth like the mouth of a lion*

Less transparency... as we get closer to the return of the Lord, we should expect more camouflage to hide what government is really doing. The Antichrist will be ruthless,

like an animal crushing all opposition to him. And part of his tactics will be to take people by surprise due to camouflage like a leopard.

- Increasingly we are seeing leaders saying things that sound good but doing the exact opposite of what they promised.
- Along with that, we are seeing more Orwellian language that masks the true intentions of government officials.

What will be the ultimate result of the government gaining more power and control over their people?

Totalitarianism, as will be the case for the the Antichrist...

Daniel 7:23 – *The fourth beast shall be a fourth kingdom on earth, which shall be different from all other kingdoms, and shall devour the whole earth, trample it and break it in pieces.*

What will likely happen to Christians under a totalitarian government?

Intense persecution because totalitarian rulers can not tolerate any higher authority than themselves. But such persecution generally serves to further God’s kingdom...

- No dictator or totalitarian government can prevent the spread of God’s message throughout the world.
- They can oppress people, but they not suppress Truth.
- God’s plan for salvation will not be thwarted. Jesus will build His church (Matthew 16:18).
- Totalitarianism is just another futile effort by the forces of evil to impede the Lord’s work.

What should Christians be doing in the face of such corruption of our elections?

- Vote! God counts our vote and judges our citizenship.
 - Expose the evil; *have no fellowship with the unfruitful works of darkness, but rather expose them* (Eph 5:11)
- Remember, God is in control and He allows His enemies to exercise autonomy for a time to serve His purposes.

Why is God allowing election fraud to have its day?

This is stage setting for the Tribulation when evil will be unrestrained and mankind will suffer the natural consequences of their sin.

- Israel will come to the end of their selves and turn to their true Messiah Jesu Christ.
- Many Gentiles will recognize the truth and be saved.
- The Tribulation constitutes God’s Great Reset to the Millennial Kingdom.

What applications do we see from this discussion?

- There was election fraud in 2020 & will be in 2024.
- Election fraud reveals the spirit of the Antichrist.
- God is in control; election fraud serves His purpose.
