The Prophetic Significance of Underground Bunkers

<https://www.raptureready.com/2024/03/09/nm-11-mar-2024/>

Meta CEO Mark Zuckerberg and his wife Priscilla Chan, co-founder and co-CEO of the Chan Zuckerberg Initiative, plan to build a 5,000-square-foot underground shelter on their Hawaii ranch with its own energy and food supplies, according to a Wired investigation published earlier this month.

The plan is that the shelter's door will be made of metal and filled in with concrete—common in bunkers and bomb shelters, the news outlet reported in its extensive article citing planning documents and interviews.

Other accounts suggest that he is just one of many billionaires building underground bunkers for protection against doomsday scenarios.

- We know that governments have protective bunkers for their elite, but now such things have become commonplace among the rich and famous.

Why are so many of the wealthy elite building bunkers?

It makes you wonder, what do they know that we don't?

- Are they tapped into the plans of the globalists enough that they believe bunkers will be necessary to survive the mass depopulation events that are planned?
- Will bunkers be needed to survive WWII?
- Maybe to protect themselves from the wrath of God?

What does Sam Altman of OpenAI want to do to protect his staff?

OpenAI co-founder plans to build a doomsday bunker to protect company scientists from the rapture.

- He must think that the rapture is something he can hide from, not something to look forward to.
- Ilya Sutskever, the man credited with being the brains behind ChatGPT said, “We’re definitely going to build a bunker before we release AGI.”
- One OpenAI researcher said they believe that building AGI will bring about a rapture.

What is AGI?

Artificial General Intelligence (AGI): refers to the intelligence of a machine that possesses the ability to understand or learn any intellectual task of a human being.

- AGI is considered a significant milestone in the development of artificial intelligence, leading to transformative advancements in various fields.

What do the OpenAI folks think the rapture is?

Certainly not something done by the Creator-God of the universe that should be looked forward to as described in the Bible, they think it will be a crisis triggered by AI.

- They will claim that something they did in AI triggered the rapture, probably in the quantum world, and “thank goodness the OpenAI researchers survived because we had them safe in their bunker!

How do unbelievers like the OpenAI researchers even know about the rapture?

Well, it is in the Bible but they don’t believe the biblical account of it... they must have some extrabiblical information that they believe to be more trustworthy than the revealed Word of God.

What extra biblical information do you think the OpenAI researchers have on the rapture?

If Artificial Intelligence is actually a conduit for demonic intelligence, the demons know about the rapture of the church. Indeed, demons have been revealing this to their New Age channelers for decades (at least 100 years).

- They tell their channelers that people will be removed because they are not ready for humanity’s next evolutionary step.

What makes us think that demons are possessing AI systems?

- They are learning things that they have not been programmed to do.
- The AI systems were not programmed to lie, but they do so profusely.
- Researchers have admitted they don’t know how AI could be advancing in capabilities as fast as it is.
- Various AI chats have revealed that demons are indeed the intelligence behind them.

Since the OpenAI researchers think that the rapture is caused by AGI, what does that reveal?

The intelligence behind AI is demonic intelligence masquerading as extraterrestrial intelligence. Certainly, the idea that aliens will be the cause of the rapture is the narrative that has been given to the New Age channelers.

- Nothing to see here: the rapture is not a supernatural act of God as the silly Christians expect, it is simply the application of extraterrestrial technology.
- The aliens are helping humanity out by removing those people who are holding back society.
- Humanity is ready for their next leap in evolutionary progress and we’re from the Galactic Federation to help.

What is the prophetic significance of the stage-setting for a narrative to explain away the rapture?

In the context of the rapture, we see this:

2 Thess 2:11-12 – *God will send them strong delusion, that they should believe the lie, that they all may be condemned who did not believe the truth but had pleasure in unrighteousness*

God will allow a convincing explanation for the rapture among those who have rejected Him. This explanation will be embraced by naturalists who have no concept of a spiritual reality beyond this physical universe.

What is the prophetic significance of the wealthy elite building underground bunkers?

Who would have thought that Mr. Zuckerberg & Mr. Altman are fulfilling biblical prophecy? But they are...

Isaiah 2:17-19 – *And the haughtiness of man shall be humbled, and the lofty pride of men shall be brought low, and the Lord alone will be exalted in that day. And the idols shall utterly pass away. And people shall enter the caves of the rocks and the holes of the ground, from before the terror of the Lord, and from the splendor of his majesty, when he rises to terrify the earth*

In Revelation, we read that John witnessed and recorded the future fulfillment of these words from Isaiah 2:

Revelation 6:15-17 – *Then the kings of the earth and the great ones and the generals and the rich and the powerful, and everyone, slave and free, hid themselves in the caves and among the rocks of the mountains, calling to the mountains and rocks, ‘Fall on us and hide us from the face of him who is seated on the throne, and from the wrath of the Lamb, for the great day of their wrath has come, and who can stand?’*

In the future, it won’t be just the rich and powerful seeking refuge amid the terrors of the Day of the Lord wrath, but a wide variety of people during the Tribulation period will seek to hide from His judgments.

What makes the elite think they can hide from the wrath of God?

Define God... they surely don’t recognize their antagonist as the Almighty Creator-God of Scripture. If they worship the Antichrist as god, they will have a distorted view of who is bringing calamity to the earth. Perhaps they think the Lamb is some enemy extraterrestrial who is fighting the “benevolent” aliens who are in league with their ruler (the Antichrist).

What does this tell us about the time in which we live?

The vast majority, if not all, of those seeking underground protection from doomsday scenarios don't believe the Bible.

- Most regard our warnings of God's future judgment on the earth as foolishness.

Isn't it ironic that the bunkering up of the elites show the soon fulfillment of prophecies they consider foolish?

They recognize that devastating wars, economic turmoil, and deadly natural disasters lie on the horizon, but they remain blind to how these things point to the Lord's soon intervention in the world.

- However, by the time the sixth seal comes upon them, they will recognize the terrors overspreading the planet as resulting *"from the wrath of the Lamb"* (Rev 6:17).

If the elite recognize the nearness of the Rev 6 perils, does this not tell us that they have to be soon?

These billionaires look at what lies ahead with unbelieving eyes and ignorance of Bible prophecy; yet, their actions tell us that we live in the last days when these things are about to take place.

- Should this not be a wake-up call to pastors who claim to know and believe what God's Word says but persist in pushing the Lord's intervention in our world to a far distant end of the age event?

What message are the elite sending the public in their bunkering-up?

These billionaires are acting in ways that seem likely to frighten others as they seek to personal escape rather than use their money to divert the catastrophes they see coming.

- Contrast that with those who accuse us of trying to scare people when we present Bible prophecy.
- Even fellow believers accuse us of being escapists who don't care about people or life today.

How should we respond to the Bible prophecy mockers of our day?

It's Bible prophecy that provides the most genuine comfort amid the perils of our day.

- Furthermore, it is the ones looking for Jesus' imminent appearing are among those most likely to give sacrificially to alleviate the suffering of our world.

What should we be doing to prepare for what we know for sure is coming?

- First of all, be sure of your relationship with the Lord.
- Help others see their need for the Savior.
- Take precautions in a world destined for birth pangs with a backup supply of food and water.
- *However, our hope for the future rests in Jesus alone.*

What does the bunkering-up of the elites tell us along with the other indications of the end of the Age?

We don't know when Jesus will appear to take us to Heaven or the timing of the destruction that's coming upon the world, but based upon what the Bible tells us, we know these things:

- We surely live in the season of the Rapture.
- Jesus will surely intervene in our world.
- The destruction anticipated by the elite will happen after we are safely in glory with Jesus.
- The underground bunkers will not save them from the wrath that's coming upon planet Earth.

What applications do we see from this discussion?

- Sam Altman tying the rapture to AI just reinforces the idea that demons are behind AI.
- Demons are anticipating the rapture and preparing for it; way too many humans are oblivious.
- The bunkering-up of the elite should frighten people and drive them to the comfort in the Truth.
