What is the current world order?

Today, we have sovereign nation states that loosely work together in order to conduct trade. They form alliances for mutual defense and there is a forum for all nations intended to prevent another world war in the United Nations. The United States is the dominate superpower that exerts power through military wherewithal and economic influence having the world reserve currency.

What is the New World Order?

The New World Order is an expectation that there will be a new period of history bringing about a major change in the balance of power in the world.

- This NWO is theorized by some to involve elitist people bent on ruling the world through a single worldwide system of government.

What is driving the desire for a New World Order?

The appeal of this New World Order lies in its proposal to free the world of wars and political strife, and its promises to eradicate poverty, disease, and hunger.

- Its purpose is to meet the needs and hopes of all mankind through worldwide peace.
- Also labeled the new “era of globalization,” this New World Order will supposedly do away with the need for diverse national governments.

How would the New World Order end wars?

This will be accomplished by the installation of a one-world political system or body.

- One means to achieve this is by eliminating all lines and borders demarcating the nations of the world.
- To effect all this change, the NWO will emphasize tolerance through the acceptance of other cultures values and ideologies.

What would go along with a global government in a New World Order?

Its ultimate goal is a sense of unity and oneness with all people speaking the same language. Other objectives include the use of a single, world-wide currency, as well as oneness in politics, religion, and moral values.

What is the problem with this hope in a human solution for world oneness and peace?

The Bible makes it clear that this will be tried and it will fail miserably.

Jeremiah 17:5 – *Cursed is the man who trusts in mankind and makes flesh his strength*

No government has ever offered, nor will it ever offer, real hope and peace for mankind.

- When man turns to government to provide worldwide peace and hope, he becomes disillusioned and enslaved by its false promises.
- History has proven that no quasi-world empire has ever survived, simply because of its innate flaws of greed, corruption, and quest for power.

What should people hope in for world peace?

The only hope for world peace is in the return of Jesus Christ who will usher in the Millennial Kingdom. That is when the nations will realize the peace for which they desire.

How is the current world order being challenged today?

BRICS nations (Brazil, Russia, India, China, South Africa) seek to replace the petrol-dollar as the world reserve currency.

Who are the candidates to lead the New World Order?

China, Russia, Europe, and America are all vying to be the leader of the NWO. And they all have nukes...

- China – manufacturing powerhouse, worldwide infrastructure involvement, influence
- Russia – Collaborating with and supplying weapons to Islamic nations opposing current world order
- Europe – economic powerhouse, the model for diverse cultures working together as one
- America – greatest economic powerhouse, world-wide military projection, petrol-dollar reserve currency

Who will lead the New World Order according to Scripture?

It will be a “revived” Roman Empire...

Daniel 2:39-41 – ³⁹ *But after you shall arise another kingdom inferior to yours; then another, a third kingdom of bronze, which shall rule over all the earth.*

⁴⁰ *And the fourth kingdom shall be as strong as iron, inasmuch as iron breaks in pieces and shatters everything; and like iron that crushes, that kingdom will break in pieces and crush all the others.* ⁴¹ *Whereas you saw the feet and toes, partly of potter’s clay and partly of iron, the kingdom shall be divided; yet the strength of the iron shall be in it, just as you saw the iron mixed with ceramic clay.*

The gold head in Nebuchadnezzar’s dream represented Babylon, the silver chest and arms represented the Medo-Persian empire, the belly and thighs of bronze referred to Greece, the iron legs was Rome.

What does the feet partly of iron and partly of clay represent?

This will be the final world order that will be destroyed when Jesus returns (the stone *cut out without hands*, Daniel 2:34). We know that will be the kingdom of the Antichrist.

- Iron: continuity of the Roman Empire
- Clay: remnants of the Ottoman Empire

To think the clay is something other than a kingdom that ruled over Israel is to commit a category error.

- All these materials represent Gentile nations that ruled over Israel (the times of the Gentiles)
- All these nations superseded the ones before it through conquest.
- There is a succession of less valuable materials reflecting a pure monarchy to democracy

What culture will dominate the kingdom of the Antichrist, the Roman or the Ottoman?

While both cultures will be represented, the revived Roman Empire will dominate (*the strength of the iron shall be in it*, Daniel 2:41).

- It is likely the Antichrist himself will be from the revived Ottoman Empire (see the Deep Dive on The Assyrian).

How has there been a continuity of the ancient Roman Empire through to today?

The western leg of the Roman Empire was not conquered by a nation that ruled over Israel... it simply fell into decline and morphed into city-states that became colonizing powers.

What remains of the Roman Empire today?

It is basically what is referred to as Western Civilization... the nations of the original Roman Empire plus the colonies they started.

So, who will lead the New World Order, America or Europe?

That is still to be determined... America leads Western Civilization today but there are indications that the Europeans could replace the U.S.

Do we see the U.S. in prophecy?

Possibly...

Ezekiel 38:13 – *the merchants of Tarshish, and all their young lions will say to you, ‘Have you come to take plunder?’*

These are the nations questioning the Magog coalition threatening Israel but doing nothing about it.

...Tarshish refers to Spain and the Americas were first colonized by Spain.

Jeremiah 50:23 – *How the hammer of the whole earth has been cut apart and broken! How Babylon has become a desolation among the nations!*

Jeremiah 49 & 50 describes the *Daughter of Babylon* which parallels the *Mystery Babylon* of Revelation... both are references to the End Times Babylon that will be the empire of the Antichrist.

- The *hammer of the whole earth* certainly describes the USA!

What could cause the USA to yield leadership of the New World Order to Europe?

- I’d like to think that the rapture of the church would have a much greater impact on the U.S. than Europe but that may not be the case.
- Nuclear War or natural disasters could humble the U.S.

What other indications are there that Europe will dominate the New World Order?

- Article: "Europe's bond markets are signaling a confidence in its domestic affairs that was historically only reserved for America, with its exorbitant privilege."
- Another article: "Investors in the hydrogen sector are now focusing on the European market due to the absolute uncertainty and planning insecurity of the USA" (reuters.com, 6/30/25)

Other indicators have to do with the erosion of human rights making European nations more aligned with what we know will be the case in the Antichrist's empire.

"while the most severe repression is still found in authoritarian states such as China, Iran, and Russia, a growing number of democratic governments are now adopting repressive policies of their own. Ironically, you see a very clear pattern of deterioration of the freedom of expression in western countries pointing to the UK as one example of this broader trend."

How are western nations pioneering mechanisms oppressive regimes will soon adopt?

The UK now has legislation that has caused the Home Secretary earlier this year to issue what is known as a Technical Capability Notice (TCN) to Apple, compelling the company to reengineer its systems to enable future government access to encrypted user data.

- the TCN seeks to establish permanent infrastructure for surveillance.

This is plainly a troubling prospect, not least because freedom of expression and privacy are mutually reinforcing rights.

What other indications are there that human rights are under assault in Europe?

February 14, 2025. U.S. Vice President J.D. Vance delivers remarks in Germany, at the Munich Security Conference.

- European countries and institutions are undermining democracy and freedom of speech -- and gives examples.
- the Romanian government had just annulled an entire election because right-wing candidate had a good chance of winning. "We did it in Romania," Breton said, "and of course we will have to do it, if necessary, in Germany."
- Germany's domestic intelligence agency designated the AfD an "extremist organization" and a "threat to democracy". The reason given was that the AfD is "anti-immigrant and anti-Muslim". The AfD could be banned by the government.
- In 2022, the EU adopted the Digital Services Act, which is supposed to "protect the rights of social media users" and "provide a safer online environment" by

"limiting the spread of illegal and harmful content."

What constitutes "illegal and harmful content" was not defined and could be anything the European Commission defines as such.

European leaders and governments have moved away from what once bound Europe and the United States, such as freedom of speech and free and fair elections, the results of which are actually enacted.

Why did Germany designate their AfD party an "extremist organization"?

Antisemitism... The reason given by Germany's domestic intelligence agency is neither fascism nor racism. In fact, not a single AfD leader advocates fascist or racist positions, and, what actually may be objectionable to many Europeans, is that AfD is "the most pro-Israel" party in Germany.

Where else are we seeing tyranny in Europe?

- In France, former journalist and presidential candidate Éric Zemmour has been convicted countless times and handed heavy fines simply for criticizing Islam and Muslim immigration.
- Novelist Renaud Camus was convicted in 2014 of incitement to hatred for saying that France was being "invaded" by Muslim immigrants.
- The French television channel C8 was shut down by the Regulatory Authority for Audiovisual and Digital Communication (Arcom), for "lack of diversity and pluralism."
- CNews, another French television channel, was fined heavily by Arcom for the same "crime" and remains at risk of being shut down.
- British citizens have been sentenced to prison for posting messages critical of Islam on social media, and for even praying near an abortion clinic.
- In France, Marine Le Pen, was sentenced to five years of election ineligibility for allegedly embezzling public funds. French Prime Minister François Bayrou, did exactly the same thing, but was acquitted by a judge.
- In the Netherlands, when the Party for Freedom won a plurality of the votes in November 2023 parliamentary elections but all the other political parties joined forces to force them to withdraw.
- In Austria, in September 2024, the Freedom Party of Austria won a plurality of the votes in the parliamentary elections, but its leader was prevented from forming a government.

"European elites," wrote the American columnist Michael Barone, "seem to have convinced themselves that they must destroy democracy in order to save it."

What is tyranny?

A tyranny is a cruel, harsh, and unfair government in which a person or small group of people have power over everyone else.

that someone "could have the impudence to distort the truth so infamously".

How do we know the government of the Antichrist will be a tyranny?

Daniel 7:23 – *The fourth beast shall be a fourth kingdom on earth, which shall be different from all other kingdoms, and shall devour the whole earth, trample it and break it in pieces.*

The kingdom of the Antichrist will devour the whole earth, trample it and break it in pieces. We also know that the economy will be socialist per Daniel 11:24. Full-blown socialism always requires a totalitarian form of government to work. And the Mark of the Beast will impose total control of all buying and selling.

Revelation 13:4 – *they worshiped the beast, saying, "Who is like the beast? Who is able to make war with him?"*

The Antichrist will be invincible & crush all opposition.

Why is God allowing tyranny to grow in our world?

2 Thessalonians 2:7 – *For the mystery of lawlessness is already at work; only He who now restrains will do so until He is taken out of the way.*

God simply gives mankind over to his own way in preparation for the Tribulation.

What indications are there that tyranny is growing in the USA?

Both the Right and the Left and their various operatives are extensions of the Deep State, which continues to wage psychological warfare on the American people.

- The government has been acting against the will of the people for some time.
- It seems the Deep State seeks to see how far the American people will allow the government to go in undermining our freedoms.

What is the prophetic significance of the mass efforts to deceive the public?

Jesus warned us four times in the Olivet Discourse (Matthew 24) that the time leading up to His return would be characterized by deception.

2 Timothy 3:13 – *evil men and impostors will grow worse and worse, deceiving and being deceived*

Deception will be so pervasive that even the deceivers will be deceived by their own rhetoric. Such deception is not new, it will just be worse as a birth pang...

- The Big Lie: Adolf Hitler in his book *Mein Kampf* (1925) describes how people could be induced to believe a colossal lie because they would not believe

What applications do we see from this discussion?

- A New World is coming but it will not offer the peace and security the nations long for.
- The leader of the New World Order will be Western Civilization with Europe dominating
- The New World Order will be tyrannical; we see the stage being set for this today.
