

Transhumanism

Why does it seem like significant prophetic developments are happening more frequently?

Matthew 24:8 – *All these are the beginning of sorrows.* The Greek word translated *sorrows* here means “the pain of childbirth, travail pain, birth pangs.”

- Thus, we should expect the signs of His return to be increasing in frequency and intensity just as birth pangs.

As there is an exponential trend common in nature, as the growth of bacteria in a petri dish, so we can expect to see the trends leading to the end of the Age...

Daniel 9:26 – *The end of it shall be with a flood*

As a flood starts small but grows suddenly so will the developments related to the end of the Age.

Have you seen this article by Leo Hohmann?

“Biden signs executive order designed to unleash transhumanist hell on America and the world”

If anyone needed proof that the powers pushing the levers behind the [person] who sits in the Oval Office are fully on board with the World Economic Forum/United Nations agenda of biomedical tyranny and transhumanism, look no further than the executive order that Joe Biden signed on Monday, September 12...

“Executive Order on Advancing Biotechnology and Biomanufacturing Innovation for a Sustainable, Safe, and Secure American Bioeconomy”

By the way, a Google search for this article did not turn up the direct link to it, only other articles referencing it... the globalist elite are obviously trying to cancel godly truth-tellers like Leo Hohmann.

What is transhumanism?

The belief or theory that the human race can evolve beyond its current physical and mental limitations, especially by means of science and technology.

- This belief has become a prophetically significant trend as demonstrated by this executive order.

Let’s see if we can connect the prophetic dots on transhumanism...

Why do people think the human race can evolve beyond its current physical and mental limitations?

If you have bought into the evolution religion, you think it is possible to speed-up the evolutionary process by manually changing the human DNA. This has been done with plants (GMOs) so why not humans?

Isn’t it unethical to alter human DNA?

Of course, this has been considered unethical, but everyone knows China has been doing it, so this executive order gives the green light to researchers to do it here (it looks like our "ethics" just needs to be updated for the times, a symptom of postmodernism - truth is relative and there are no absolutes).

Why do the technocratic elite want to alter human DNA?

The reasons are no-doubt manifold including:

- to fix genetic diseases,
- to force the next leap in evolution,
- to enhance human abilities, to enable humans to more easily interface to machines (especially AI),
- and to make the masses more compliant and thus easier to control (though this last objective will not be shared with the masses).

How do we know that the globalist elite want to mess with human DNA on a large scale?

The mRNA "vaccines" (actually gene therapy) is a step in the direction of hacking the human genome, but RNA is the result of DNA coding to produce amino acids that are the building blocks of the proteins the body needs. For full control of humans, the technocratic elite really want to modify human DNA as this executive order makes clear:

“We need to develop genetic engineering technologies and techniques to be able to write circuitry for cells and predictably program biology in the same way in which we write software and program computers...including through computing tools and artificial intelligence...”

Is it even possible for an injection to change human DNA?

The technocratic elite do not know how to reliably change the human DNA today, but the fallen angels do... they've done it before trying to corrupt human DNA so that the Messiah (seed of the woman) could not be born.

- This resulted in the Nephilim (Genesis 6:4) and was one of the reasons God re-created the world with a flood.
- Noah and his family were spared to re-boot humanity because they were "*perfect in their generations*" (Genesis 6:9).

How is the effort to change human DNA a significant prophetic development?

When Jesus described the signs of His coming, He said it would be "*as the days of Noah*" so most prophecy watchers are looking for an end-times effort to change human DNA.

- This executive order is a huge step in that direction, and thus it is just a matter of time before fallen angels reveal to the ungodly technocrats how they may reliably alter human DNA.

How did the world's response to COVID serve to condition people to the Mark of the Beast?

The world's response to COVID was amazingly identical as if some globalist power behind the scenes was directing things. The only sanctioned solution was the mRNA vaccines, no other treatment was allowed to be considered, even natural immunity. And the mandates to take the vaccine or lose your job revealed that people were being conditioned to be more open to the Mark of the Beast when it arrives on the scene.

- No one may buy or sell unless you swear allegiance to the governmental authority by accepting something injected into your body.

Can a person who takes the Mark of the Beast be saved?

Revelation 14:9-10 – *Then a third angel followed them, saying with a loud voice, "If anyone worships the beast and his image, and receives his mark on his forehead or on his hand, he himself shall also drink of the wine of the wrath of God, which is poured out full strength into the cup of His indignation. He shall be tormented with fire and brimstone in the presence of the holy angels and in the presence of the Lamb.*

The fact that taking the Mark of the Beast (Revelation 13:16-18) condemns the recipient to the lake of fire (Revelation 14:9-10) seems to be contrary to the mercy of God.

So, how is it that the Mark of the Beast is irreversible, that it is an action that cannot be repented of?

It seems to me that if becoming transhuman is connected with taking the Mark of the Beast, this explains why it is irreversible. Jesus took on a human body to pay the sin penalty for humans. If someone is a transhuman by taking the Mark of the Beast, there is no way the human blood of Christ could pay their sin debt.

Why does the church today not need to worry about the Mark of the Beast?

The Mark of the Beast only happens during the Tribulation, the 70th Week of Daniel. The Church Age ends prior to the Tribulation...

Revelation 3:10 – *Because you have kept My command to persevere, I also will keep you from the hour of trial which shall come upon the whole world, to test those who dwell on the earth.*

So, what is the significance of seeing the stage setting for the Mark of the Beast?

It gives us a sense for how close we are to the end of the Church Age...

Luke 21:28 – *Now when these things begin to happen, look up and lift up your heads, because your redemption draws near.*

What should we be doing upon realizing that we are really close to the rapture of the church?

Get on with doing what God has called us to do...

John 9:4 – *I must work the works of Him who sent Me while it is day; the night is coming when no one can work.*
