Significant

Men's Zyl

Colors: Brown/Black, Grey

EYE	DBL	TEMPLE

A very **hip new design** from **B.U.M. Equipment**. The **Significant** has a thinner “Geek Chic” look but with a very cool difference, namely a **wood-like texture** on the frame front. Utilizing custom acetate, which has the **look of real wood**, the **Significant** is like nothing else on your frame board!

Stormy

Men's Metal, Semi-rimless

EYE	DBL	TEMPLE
53	19	140mm

The **Stormy** is a very clean, **men's semi-rimless design** with **acetate temples**. Lightweight and comfortable, this style comes in two classic colors of **Black** and **Blue**. Show this frame to the guy asking for a **low profile look**, but does not want to buy a full rimless design.
