Agadir

Men's Memory Metal
Colors: Grey, Light Brown

EYE	DBL	TEMPLE
53	19	140mm

You've seen them **on the runway, in upscale optical shops, and in fashion magazines**; now you can have one for your location(s), but don't expect to pay \$400. Instead, expect to pay half that amount. You need the **Agadir** on your board since it has a great new shape, memory metal, and classic colors.

Casablanca

Women's Memory Metal
Colors: Gold, Platinum

EYE	DBL	TEMPLE
53	17	140mm

Words like **"elegant," "striking,"** and **"distinctive"** may all be used to describe the aptly named **Casablanca**. From the **two-toned double wire rim** on the front to the **matching temples** with both flat and rounded accents. Many women will gravitate towards this look the moment they see it.

Rabat

Men's Memory Metal

EYE	DBL	TEMPLE
55	17	145mm

The perfect new Bulova Twist Titanium **style for your larger guy**. Take note of the incredibly comfy high brow bar/high temple combination. Very **deep "B" dimensions** and with a **fitting size of 59mm** (extended frame front/temple placement). Your male patient will love its **lightweight yet incredibly sturdy design** because he is tired of having to squeeze into a smaller frame.

Varna

EYE	DBL	TEMPLE
53	17	140mm

An **elongated, upswept frame front** in thin profile is extremely flattering on most face shapes. Both warm and cool complexions can benefit from classic **Blue** and **Light Brown** hues. Note the **tasteful two-toned colors on the temples**.
