INSTRUCTIONS FOR SERVICE PREPARATION

Cockroaches

The instructions below are to be followed completely. The best service can not compensate for improper preparation. The better you prepare affects the results of service.

1. Remove EVERYTHING from all kitchen and bathroom cabinets, drawers, and counters. Don't forget the medicine cabinet, toothbrushes, toasters etc.
2. Place all kitchen items on table or floor, leaving room for service person to get around, cover items with some type of covering such as a sheet or tablecloth or place items in plastic trash bags. Any washing of cabinets should be done **NOW**.
3. Remove all loose shelf paper. Adhesive shelf paper may be left in place.
4. Remove all items from linen closets, hall closets, etc. and place in the center of the room.
5. Remove all items from bedroom closet floors and shelves. Clothing on hangers may be left in place if you pull it to the center of the rack or simply lift the clothing off the rack and laying it on the bed and cover with a blanket to avoid chemical odors in the clothes.
6. Move all furniture 18 inches from the walls.
7. Remove all animals, birds, and fish. If your fish tank is too heavy to move outside, place wet towels over the top of the tank and disconnect the air pump until you come home.
8. Windows may be left open (unless otherwise advised).
9. We will lock all doors when leaving, so make sure you have your keys.
10. You and your pets will need to leave home for four (4) hours.
11. When you come home, be sure that the chemical is completely dry before returning your items to the cabinets and closets.

Do Not wash the cabinets, as this will destroy the effectiveness of the pesticide.

Do Not be alarmed if you see live insects after the treatment, this allows the insects to return to their colonies and distribute the pesticide to other insects killing them as well. For the next 10 to 14 days you may see live insects if you continue to see live insects after that period of time then you may want to call our office for a retreat.

Thank you for your cooperation.
